

VRA invites you to join leading professionals from across the globe for two days of learning, collaboration, and innovation in vocational rehabilitation.

June 3–4, 2026 | Windsor, Ontario

Centered around the theme Building Bridges from Evaluation to Integration, this international forum brings together vocational professionals, disability managers, return-to-work specialists, clinicians, insurers, and researchers to explore practical strategies that support individuals in achieving successful employment outcomes.

This year's symposium features two concurrent learning streams, including a dedicated Life Care Planning and International Stream in partnership with International Association of Rehabilitation Professionals (IARP), offering expanded perspectives and specialized content.

Featuring a Dedicated Life Care Planning Stream, including:

- Pediatric Life Care Planning
- Preparing for Court: Expert Witness Testimony
- Life Care Plan Review Strategies
- The Role of Vocational Evaluators in Life Care Planning

Whether you're looking to deepen your expertise, stay current with industry best practices, or connect with peers across disciplines, this symposium offers a meaningful opportunity to advance your work and impact.

We look forward to welcoming you to Windsor, just minutes from Detroit, making it easily accessible for both Canadian and international attendees.

Why Attend?

- » Earn valuable CEUs through a range of educational sessions, [see the full schedule with 12 CEUs in Stream 1 and 8.5 in Stream 2!](#)
- » Engage in interactive workshops, expert panels, and keynote presentations
- » Explore real-world approaches to assessment, intervention, and workplace integration
- » Gain insights into employer engagement and inclusive workforce development
- » Connect with a diverse network of professionals across Canada and internationally
